

BCES100, 80

Description

Product Description & Specifications

Freezer spacers for fast freezing. These spacers are designed for fast freezing, they will save you both money and time as products are frozen much more quickly. Beecraft's freezer spacers cut energy costs and reduce freezer cycle times by allowing cold air to circulate quickly to the middle of the stack. The unique surface finish of the separator is easily power-washed, steamed or scrubbed without losing the freezer spacers effectiveness.

BCES100

Product code / Ref:	BCES100
Size:	(L) 1000 mm (W) 1200 mm (H) 35 mm
Weight:	1.6 kg
Material:	HDPE
Colour/s:	Black
Temperature Range:	-50°C to 70°C
Packing Per Stack:	500
Other info:	Open air design for easy air flow

BCES80

Product code / Ref:	BCES80
Size:	(L) 800 mm (W) 1200 mm (H) 35 mm
Weight:	1.4 kg
Material:	HDPE
Colour/s:	Black
Temperature Range:	-50°C to 70°C
Packing Per Stack:	500

Other info:

Open air design for easy air flow
