

LOW HEIGHT REPAIRABLE HALF PALLET

Description

REF: NPT-8060-R2

Plastic half pallet with standard dimensions and optimised height. With this design, we have managed to reduce the pallet height by 2 cm, allowing our customers to add a further product layer for certain references and thereby cut the number of unit load movements. It also allows for the transportation of more empty units during reverse logistics operations.

Specifications

Colour	Negro
Weight	7,30 kg
Material	PP
Dynamic load *1	500 Kg.
Static load *1	1.500 Kg
Rack load *1	200 Kg

Measures *2

Length	800 mm
Width	600 mm
Height	140 mm
Long window	115 x 247 mm
Short window	95 x 234 mm
